Letter from Authorized Aquatic Glassel Fire Glass tm. Dealer

Gloria Schlifke

Welcome to the launching of our new Monthly Newsletter. Eco Fire Features clearly distinguishes ourselves as a Unique State of the Art Company, Featuring Custom Fire, Water Features; and Fire Accessories. We are also the official "Authorized Dealer of Aquatic Glassel tm." Fire Glass! I am very proud to be associated with Eco Fire Features, as we are always bringing, safety, & innovation, to the foremost of all our products. As a society we are now understanding the harmful effects of Carbon Monoxide, soot and wood debris while being burned. As an alternative to the old way of lighting a Fireplace, and or Fire Pit, we at Eco Fire Features offers a new healthier "Eco-Friendly" alternative to your Fire Feature needs. For more information about our Company, and our many more innovative clean Burning Products. Please visit our Web Site www.EcoFireFeatures.com

Eco Fire Glass & Crystal Toppers

EcoFireFeatures.com, Fire Glass and Toppers offers more design options and comes in a variety of colors, shapes, and sizes. From reflective to clear, Eco Fire Glass radiates heat, and outputs more than twice the heat from fake logs, it is also clean burning, no soot, and virtually contains no dangerous emissions of Carbon Monoxide, or other toxic residue. EcoFireFeatures.com is also the proud Authorized Dealer of Aquatic Glassel; tm Fire Glass which is guaranteed not to create soot, crack, or discolor. This Fire Glass is also safe to use, as all our Aquatic Glassel tm. Fire Glass Products goes through a specialized "Tumbling" process to remove sharp edges. This process is also protected by United States Patent No#7,976,360 B2 granted July 12th, 2011 and No # 8,419,505 B12 granted April 16th 2013 For information about our Fire Glass and the many array of innovative products, please feel free to visit our website at www.EcoFireFeatures.com

Product of the Month: *Custom Fire Pits*

EcoFireFeatures.com will design your own Outdoor Fire Pit!
All our Fire Pits are custom made, Smokeless, Clean Burning,
and make a wonderful addition to your outdoor design needs.
Each Fire Pit are also unique in style, as a table design for
entertaining or Fire/Water with L.E.D or Fiber Optic Lighted Fire
Pits. Our RV Fire Pits are Ideal for Campgrounds.

Customer Highlight of the Month!

DOMINIC'S FIRE AND WATER FEATURE

Photo: Private Resident Dominic's Fire and Water Feature

The series of photos shown above are product development stages of a custom Fire, Water, and Light Feature designed by our customer "Dominic Backowski."

He had a large fire pit and wanted a "One of a Kind" feature for his back patio. We took our clients pencil to paper design and created this beautiful "State of the Art" feature. There is no other Company that works directly with their customers needs to invent, design, construct until the final product is complete!

EcoFireFeatures.com continues to be a "State of the Art" corporation with an innovative approach to product invention! Call or visit our website at EcoFireFeatures.com for information on custom products.
